BAKU

08:30 - 09:00

Registration

09:00 - 09:30

Opening

09:30 - 09:38

The anatomical components of alar base and surgical importance

DR. EMRE İLHAN

09:38 - 09:46

Stable and dynamic structures, changeable and unchangeable structures in nasal base anatomy

DR. TURAL FATULLAYEV

09:46 - 09:54

How should be the frontal, basal, and profile aesthetics of the nasal base?

DR. CAVID CABBARZADE

09:54 - 10:02

Indications and contraindications in alar base surgery

DR. MUHAMMET DILBER

10:02 - 10:10

Is the need for alar base resection iatrogenic?

Or is it clear that it will be done in the preoperative evaluation?

Or a rescue maneuver due to a failed skeletal design?

DR. TURAL FATULLAYEV

10:10 - 10:20

How to draw a nose from the base live demonstration

DR. İSA KAYA

10:20 - 10:40

1ST PANEL

Moderator

DR. VAGIF QALANDARLI, DR. CAVID CABBARZADE

Panelists

DR. EMRE İLHAN, DR. MUHAMMET DILBER,
DR. HÜSEYİN BALIKÇI, DR. TURAL FATULLAYEV

Topics

- *Why do we have difficulty in alar base surgery?*
- *What should we make sure we have resolved before starting nasal base surgery?*
- *Untouchable areas in the nasal base*
- *Analysis of the nasal base in different cases*

Session 1

11:00 – 11:30

Coffee break ☕

11:30 – 11:38

Pearls and pitfalls in measurement and planning of the nasal base surgery

DR. TURAL FATULLAYEV

11:38 – 11:46

Asymmetrical thinking pattern and the asymmetrical resection

DR. EMRE İLHAN

11:46 – 11:54

My most important maneuvers to make the nostrils symmetrical and ready for nasal base surgery

DR. HÜSEYİN BALIKÇI

11:54 – 12:02

Alar base surgery for nostril asymmetry

DR. MUHAMMET DILBER

12:02 – 12:10

Highlighting the details of the alar groove, alar lobule, nostril sill, and columella in nasal base surgery

DR. TURAL FATULLAYEV

12:10 – 12:20

How to draw a nose from the front
live demonstration

DR. İSA KAYA

12:20 – 12:40

2ND PANEL

Moderator

DR. VAGIF QALANDARLI, DR. CAVID CABBARZADE

Panelists

DR. EMRE İLHAN, DR. MUHAMMET DILBER,
DR. HÜSEYİN BALIKÇI, DR. TURAL FATULLAYEV

Topics

- *What should be done to avoid over-resection errors in alar base resection?*
- *Opinions about alar rim excision*
- *How relevant and meaningful is its contribution to the airway?*
- *Should there be a price difference for noses that are previously known to have nasal base surgery?*

Session 2

13:00 – 14:00

Lunch 🍽️

14:00 – 14:30

Nasal base surgery video session
– How I do it?

DR. EMRE İLHAN, DR. TURAL FATULLAYEV,
DR. CAVID CABBARZADE, DR. HÜSEYİN BALIKÇI,
DR. MUHAMMET DILBER, DR. İSA KAYA

14:30 – 14:38

The dynamic changes of the alar base
during rhinoplasty maneuvers

DR. EMRE İLHAN

14:38- 14:46

The most common excisions and modifications

DR. TURAL FATULLAYEV

14:46- 14:54

Influence of alar base surgery on projection, deprojection, columellar show, and alar rim resistance

DR. MUHAMMET DILBER

14:54- 15:04

How to draw a nose from the profile – live demonstration

DR. İSA KAYA

15:04- 15:24

3RD PANEL

Moderator

DR. VAGIF QALANDARLI, DR. CAVID CABBARZADE

Panelists

DR. EMRE İLHAN, DR. MUHAMMET DILBER,

DR. HÜSEYİN BALIKÇI, DR. TURAL FATULLAYEV

Topics

- *Suturing techniques and suture material selection in nasal base surgery*
- *How much do we take into account the patient's request for nasal base surgery?*
- *Should we use a cinching suture or not?*
- *Advantages and disadvantages of performing nasal base surgery without finishing the other steps of the surgery completely*

15:30– 16:00

Coffee break ☕

16:00– 16:08

Relationship between the columella
and alar base: surgical approach
DR. TURAL FATULLAYEV

16:08– 16:16

Benefits of double ellipsoid resection
in nasal base surgery
DR. MUHAMMET DILBER

16:16– 16:24

My way to correct the alar level difference
with nasal base intervention
DR. HÜSEYİN BALIKÇI

16:24– 16:32

Nasal base approaches in different
situations
DR. CAVID CABBARZADE

16:32– 16:40

Complications of nasal base surgery
–perioperative and postoperative
solution of them
DR. TURAL FATULLAYEV

16:40– 16:50

What I learned from my mistakes in
nose drawing
DR. İSA KAYA

16:50– 17:10

4TH PANEL

Moderator

DR. VAGİF QALANDARLI, DR. CAVID CABBARZADE

Panelists

**DR. EMRE İLHAN, DR. MUHAMMET DILBER,
DR. HÜSEYİN BALIKÇI, DR. TURAL FATULLAYEV**

Topics

- *How can a better scar be left after nasal base surgery?*
- *Postoperative scar improvement approaches*
- *Advantages and disadvantages of nostril retainer usage following nasal base surgery*
- *Approaches that I found wrong and changed while performing nasal base surgery*

Session 4

17:30

End of the meeting
